C Life is good since you said goodbye

C Life is good ever Am since you said G goodbye

C I am so happy I could C7 cry, and F here's the reason Dm why

Life is C good since G you said C goodbye

You said that it was love at first site

You said that I was perfect as I am

But then you tried to change my hair, how I talk and what I wear

You tried to change me into some other man

Life is good since you said goodbye

Life is good ever since you said goodbye

I am so happy I could cry, and here's the reason why

Life is good since you said goodbye

I know you'll find another sucker soon

You'll treat him like the man of your dreams

But no matter what he tries, just like these other guys,

He will be my drinking buddy by the spring

Life is good since you said goodbye

Life is good ever since you said goodbye

I am so happy I could cry, and here's the reason why

Life is good since you said goodbye

People who have known me all my life

Saw what I'd become and were amazed

There's no denying, it's a fact, you made me cleaning up my act,

Now I'm returning to my wicked wicked ways

Life is good since you said goodbye

Life is good ever since you said goodbye

I am so happy I could cry, and here's the reason why

Life is good since you said goodbye
